

WAVE STREET INN OPENS WITH A SPLASH

Inns of Monterey Add Fifth Property

Monterey, CA, August 25, 2017 The Wave Street Inn debuted on July 7, 2017 in the heart of Cannery Row historic district. The area's newest property features 32 rooms with an ambiance inspired by the surrounding natural beauty and maritime history.

A great location is the foundation for a great vacation.

The popular 18-mile Monterey Bay Coastal Recreation Trail is just a few steps from the Wave Street Inn's front door and the world renowned Monterey Bay Aquarium is four blocks away. An ideal home base for couples and families to follow Steinbeck's footsteps and explore the neighborhood he immortalized, Wave Street Inn is close to many restaurants and bars, candy shops, art galleries, vintage stores and souvenir haunts.

Relaxing retreat for experience-based travel.

The hotel's serene, functional design, created by Salinas-based Signature Design Group, features an ambiance inspired by the surrounding natural beauty and maritime history. Shiplap walls evoke the Row's fishing heritage while contemporary art, ocean-blue oversized headboards, pops of starfish-orange accessories and an on-trend barn door to the bathroom create a laid back coastal vibe. Like Monterey's bounty, WIFI is free, along with a refrigerator, chargers, laptop safes and a welcome basket filled with nibbles.
